## **Anderson Results Fulton Second Thirteen Raiders Place In Tournament**

Thirteen out of fifteen Fulton wrestlers placed in Anderson Tournament on Saturday but that wasn't enough to overtake tournament champion South Jefferson. The twenty-two team event offered one of the most competitive Anderson tournaments in many years and proved to be a worthy early season test for the team.

A one-day event, the tournament director seeded only sectional place-winners pooling everyone else into a blind draw and forced wrestlers who lost in the first round to wrestle back to 7th rather than 3rd. Despite the format, unseeded Kirby LaBeef, made it to the finals along with Mitch Woodworth and Tommy Hill. All three placed second while Joey Abelgore and Brennan Roberge placed 3rd. Derek Owen placed 4th and Austin Whitney and Brandon Hill finished 5th. Other place-winners were: Mike DeMauro 7th, Travis Race 7th, Matt Marshall 7th, Sam Rios 7th and Tim Holden 8th.

One last note about the Anderson—the Raiders showed real improvement in the teams pin ratio.

The team registered seventeen pins while giving up six. The almost 3:1 ratio is a significant step toward the 10:1 team goal.

It takes a lot of work to be a champion. It's not just those grueling 2 hour practices after school. The team puts in a second practice twice a week in the morning. Workouts start at 6:15 am before school.
