Showdown With Mexico Wednesday Night Dual To Decide League Champion

Individual Match-Ups Make It A Very Tight Match

Wednesday night's dual with Mexico will determine the OHSL Freedom Division League champion. Both teams are undefeated in league competition and both have a single loss on their record for the season thus far. Mexico is 9-1 and Fulton is 16-1.

Similarly, both schools own a couple of tournament titles this season. Fulton won the Anderson and the Montgomery County Duals while Mexico won the Herkimer Invitational and the Central New York Tournament.

On paper, the match seems very tight. So tight that one or two individual matchups will determine the outcome of the dual. So tight that the outcome of the dual may hinge on the coin toss which determines which team has to put
